

Ildikó Szabó

junior frontend developer

Hi, my name is Ildikó Szabó from Hungary. I am looking for my first job as a frontend developer. Recently, I have completed several courses and I feel ready to apply the knowledge I have gained in real projects. My goal is to work in a good team and design and develop responsive, user-friendly websites and applications. I can't wait to work together on exciting projects.

Please check my portfolio page and for my projects.
